BANGOR DAILY WHIG AND COURIER.

BY SMITH & SAYWARD. MONDAY, APRIL 15, 1850. VOLUME XVI.....NUMBER 243.

p al t Ir atlan zed and c v zed co has raised a larger proport on of deaths than any other ... the human family ... until wit ... years, there has not been any certain remedy to stop the ... that destroyer But now—

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—real undoubted ulcerated and diseased LUNGS—such HOPELESS cases as never before cured by any other medicine. So ... less were some of the afflicted persons, as to have ... nounced by physicians and fr ... to be ACTUAL ... Some who had their funeral clothes made have ... and yet live others who it was said would not ... day are ... was well and hearty as they ever were.

It possesses all the cleansing and purifying ... as powerful and active as the preparation which we ...

BRANT'S INDIAN PURIFYING EXTRACT

The Balsam differs from the Extract because it possesses several medications which are peculiarly adapted to and are essentially necessary for the cure of

COUGHS AND CONSUMPTIONS

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS and CURES ULCERS in the LUNGS, and elsewhere internally, as certainly and surely as the PURIFYING EXTRACT cures and heals ... externally. This Balsam cures NINE cases of Cough and Consumption out of TEN, after all other remedies have failed to do good.

Thousands of Consumptions

and Chronic Coughs ... proved ... efficacy in ... diseases ... soothing healing properties in the following complaints ... Spitting of Blood, Bleeding ... the Breast and ... Night Sweats, Nervous Complaints ... of the Heart, Cholera Infantum, Dysentery and ... Complaints in Children and adults, and ALL FEMALE WEAKNESSES.

CONSUMPTION

A DYING WOMAN CURED!

We ... the ... to prove the POWER TO SAVE LIFE which this BALSAM ... after the person ... pronounced by physicians and friends to be ... of a disease ... as ... FAR GONE ... the ... For the particulars ... doubted proof of ... Mrs ZIBA DYKEMAN of Ballston Spa, ... We can prove ... almost equally hopeless ... cases of Cough and Consumption CURED which were pronounced incurable by SKILLFUL PHYSICIANS.

A DOCTOR CURED!

DR J W FRENCH of Hillsdale, Hillsdale Co Michigan, about the 1st of January 184 ... wrote as follows I have been ... regular practice of medicine in this place for ... years ... my profession on ... so severely afflicted with Chronic Disease of the Lungs ... I HAD THE CONSUMPTION ... I coughed almost incessant night and day, and had severe pains and soreness in my chest ... remedies recommended ... the profession ... no effect except ... the nausea and debility caused by them ... I was prejudiced against ... But I was induced ... to try a bottle of BRANT'S INDIAN PULMONARY BALSAM ... I do here acknowledge ... benefit of the afflicted ... the effect of its use ... the most prompt and salutary of any medicines I ever ... used ... My cough was immediately relieved and in about eight or ten days I was free from cough soreness ... chest and ... I pronounce myself a WELL MAN ... Dr French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs J K LIPPINCOTT & SON respectable merchants at Hillsgrove, Sullivan county, Pennsylvania wrote to ... May 12 1847 stating ... BENEFIT ... derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just obtained ... child which had been subject to FITS for several years was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr WILLIAM D JENNINGS a merchant at Pierpont Centre, Ashtabula county, Ohio, wrote to us October 2, 1848 ... stated a cure of CONSUMPTION which the use of BRANT'S INDIAN PULMONARY BALSAM had effected ... Mr WILLIAM CROCKET of an adjoining town ... Mr Crocket had sought relief from the best physicians ... medicines but found none ... fatal ... unrelenting monster Consumption had taken fast ... was a mere skeleton ... and all friends as one who would soon inhabit a grave ... in this last extremity a ... marvellous ... INDIAN PULMONARY BALSAM ... the destroyer and restored Mr Crocket to health and he is now a healthy hearty rugged man.

D DANN Esq merchant and postmaster at Jefferson ... adjoining town wrote to us about the same time and stated that he was acquainted with Mr CROCKETT, and testified to his ... and all the above-named facts.

Could not Live a Day longer!

Messrs E B CALDWELL & Co of East Oswego, Oswego Co ... respectable druggists wrote to us ... We have just heard through Mr Whiteman a respectable citizen of this place of an important cure of Consumption which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife ... acquaintance of his who resides in the town of ... in this county She had been long confined to her ... was so dangerously diseased that her friends ... thought ... she could not live more than ONE DAY LONGER, when all other hope ... failed ... BRANT'S PULMONARY BALSAM ... her ... she ... had raised her from a ... to ... attend to her domestic household ... She acknowledges ... indebted to BRANT'S BALSAM for her recovery ... her severe and dangerous sickness, and her friends and neighbors consider it almost ... invaluable.

RAISED FROM THE GRAVE.

Messrs PRATT & FOSTER merchants of West Cornwall ... said BRANT'S BALSAM had effected cures of such hopeless cases of CONSUMPTION in their town that now no other cough-medicine could be sold there ... that it had raised one as if from the GRAVE—some that physicians and all the friends said MUST DIE. One ... woman in particular was so far gone that the physician told him it was useless to take any more medicine. He then, when no hope was left, began to ... BRANT'S BALSAM—GOT WELL—and is now as well ... he was.

Many Consumptions Cured.

Mr S H CLARK merchant, Clyde, Wayne county N ... wrote to inform us that BRANT'S PULMONARY B... M sold ... at Clyde and said ... If the statements ... of our most respectable people and personal ... knowledge can be relied on its medical virtues have ... many consumptive persons several of whom I am acquainted ... who were so hopelessly sick as to be considered ... physicians and all friends past a possibility of cure ... the facts are BRANT'S BALSAM has restored them to PERFECT HEALTH.

LUNGS BLED—MUST DIE!

Mr Z S TERRY merchant Byron, Genesee county N Y, wrote August 24 1848 BRANT'S medicine is doing good ... here It has cured a man of Consumption that all the ... had said must die When he commenced taking ... medicine he could not raise his hand to his head, ... bled at the lungs and every symptom seemed to ... he must die, but, astonishing to all he is now able to ... and rides all over the county He used only five bottles ... also cured a young lady of Consumption in Orleans county which her father says no doctor could cure ... Mr M ... a merchant of the same place, has certified to the truth of the above statement.

WAS BELIEVED PAST CURE.

Mr CORNELIUS H SMITH merchant Collins Centre, Erie county N Y January 15 1849 said Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold and I want immediately another supply for they sell more rapidly and give more satisfaction, than all the other medicines we have ... The Pulmonary Balsam has raised a lady here from ... of dangerous and severe sickness which all the doctors ... given up as INCURABLE They said she MUST DIE with consumption of the lungs After all had pronounced ... HOPELESS she commenced taking BRANT'S BALSAM ... and now she is well.

CHRONIC DYSENTERY,

SUMMER COMPLAINTS in children or grown persons, cured without any failure whatever. Also—

CHOLERA INFANTUM.

No mother need ever mourn the death of her child by that child-destroying complaint when teething in warm weather ... Cholera Infantum or what is called SUMMER COMPLAINT—BRANT'S PULMONARY BALSAM ... be administered ... child It should however in such cases be ... in as large potions as the directions on each bottle ... unt I the complaint is checked.

Mrs Elisha Field, Boston is agent for these paper. Advertisements left with him will be immediately forwarded.

CONSUMPTION CURED!

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above. A remedy for the complete cure of all those affections of the Throat and Lungs which, if neglected always end in CONSUMPTION. It is not a worthless catch penny article, made just to sell like many of the common nostrums of the day, but it is a strictly scientific Preparation—the original recipe having been furnished by an eminent Physician (the late Prof Rogers) and that still further improved by one of the present proprietors who is himself a regularly educated Physician a graduate of the University of Pennsylvania. It is composed of the choicest articles in the vegetable kingdom most of them of long tried value and established reputation and some of them entirely new particularly the CANCHALAGUA a plant of most ... useful medicinal virtues, lately introduced into this country from California. The Recipe has been shown to thousands of Physicians who have universally approved of it, and will be shown to any Physician who desires to see it upon application either to the Proprietors or their Agents. It has been used in multitudes of cases and is strongly recommended by Physicians, even Professors in our Medical Colleges, Ministers of the Gospel, Judges Lawyers Merchants, Mechanics &c—a conclusive proof that there is no quackery or deception about it but that it is a medicine of most uncommon virtue and efficacy.

PAMPHLETS

As no ordinary sized advertisement can begin to do justice to the merits of this article, the Proprietors have embodied in a pamphlet form, the history of this Medicine—the descriptive nature &c of its principal ingredients—the effect they are designed to have upon the human system—and above all, the incalculable amount of good which it has done. They design to circulate this pamphlet extensively, but should any one be overlooked, they are earnestly desired to call upon the Agents named below, and procure one gratis. The facts on page ... may be worth to yourself or family THOUSANDS OF DOLLARS and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible.

Such being our confidence in its virtues we are willing to warrant the Medicine in every recent case, (if used according to the directions) and were the person is not satisfied that he is not deriving benefit from it by returning the bottle within 24 hour's ...

THE MONEY

will be refunded ☞ See page 33 of the Pam...

For sale wholesale and retail by A L SCOVILL & CO Proprietors at their Principal Office No 3 Warren St, New York to whom all orders for the Medicine and letters relating to agencies, must be addressed post paid.

Be sure to ask for Dr A Rogers's Syrup of LIVERWORT TAR and CANCHALAGUA, and let no other be palmed on to you.

Caution.—None genuine unless there is on the buff wrapper a note of hand, signed with a Pen, by A L SCOVILL & CO.

John S. Sayward,—Editor.
MONDAY, APRIL 15, 1850.

The World's Convention of Industry and Art.

The public call that has been made for the World's Exhibition of Manufactures and Mechanicism at London, in 1851; and the hearty co-operation of the best minds in every civilized portion of the globe, to devise plans for the encouragement of such an exhibition; and to have all countries and all Arts well represented: afford the most gratifying proofs, that the world is waking up to the world's true welfare; and that the miserable prejudice of Feudalism which has marked opinion as to the comparative importance, worth and dignity of mechanic arts with the professions, is passing away.

The mechanic arts, more than the arts of war, or the arts of diplomacy, are coming to have their influence in the world's ways.—They have long been the sustainers of genuine civilization, but they have been too intent upon the work of usefulness, and too confident in their real character, to be any way anxious about their reputation; knowing that in all good time their merit would be acknowledged, and that they would be called upon to take their true place in the scale of usefulness and worth, and their leading minds take their true position in the social scale.

The rolling years and the changing months have brought more and more prominently before the public mind the importance of the industrial arts. Many of the brightest and best minds in our own and in European countries, have devoted themselves to mechanical science, to engineering, the art of construction, and mechanical invention.

Labor is found to be the great lever of prosperity to the people of every nation. In comparison with it, all capital and all means of accumulation sink into insignificance, in all great and comprehensive calculations of values. The so called capital of our country might all be sunken in a day, but with the labor of the country uninterrupted, society could be maintained, and capital again be accumulated; but let the labor of the country be suspended, or neglected, and capital becomes speedily dissipated or useless.

The pursuit of labor is found to secure a better general individual competency than any of the professions; while the departments of Engineering and superintendance, yield salaries of more tempting value than are often to be met among the successful in the professions.—Where one industrious and intelligent mechanic fails in business, ten merchants do the same thing.

It is no wonder, then, that the welfare and protection of labor, its increase and successes, should interest every nation as its greatest element of prosperity, and its main reliance of efficient support. It is in reference to this, that all the discussions in our country and in all countries, relative to the nature, design and effect of tariffs on importations, are of vital interest to mechanics and laborers, and should be earnestly and faithfully studied by them.

It is the firm and consistent stand which the Whig party has taken in behalf of securing to American labor the American market, at fair remunerating prices, against the competitions of capital and depressed labor elsewhere, that has given the Whig party a distinctive character, and made it worthy of the hearty support of the laborers, the mechanics, and the toiling wealth producers of the country.

The relation between the political parties in our country, and the labor of the country, is destined yet to be better understood and acted upon. The cry of democracy, with the promise of a heaven in theory, and the pains of hell in practice, will not much longer deceive but a few, if any body. A consistent theory regarding the protection of labor, not money, but labor, will be required to be enunciated fully, clearly and honestly; this the Whig party have done and are ready to do, and under their measures of protection, the country has always prospered beyond the prosperity afforded by any other system. In this respect, the Whig party has allied itself to the labor, the highest interest of the country, and justly merited the support of the laboring masses. This support it would have fully secured, had it not been from prejudices arising from other causes.—Those prejudices have greatly receded, and will entirely fall away, and the Whig party have the entire, earnest and controlling support of the wealth-producing, toiling, industrious millions of our land. The sweat of the country is legitimately connected with the Whig party.

But we must return to the subject with which we commenced, The World's Exhibition of Manufactures and Mechanicism, at London, next year. It will be a great gathering; and the highest manufacturing skill from all the round, rolling world will be there, and there, too, the highest mechanical contrivances. The manufacturers and mechanics of our own country should combine in the furtherance of measures for securing a large representation of the mechanical inventions of our countrymen, and of specimens of Brother Jonathan's workmanship. Old Uncle John Bull will be peering sharply among the articles at the exhibition, for the purpose of seeing what the bully, boasting "Boy" has been about, and the articles must be in a shape and of a variety and excellence that shall turn his accustomed growl into an exclamation of surprise, if not of commendation.

Public meetings have been held in England in furtherance of the great exposition of the works of industry of all nations, which have been attended by the foreign ministers, in attendance at that Court, by the nobility and clergy and others, emulated to secure for the enterprise the highest respectability, even according to the English understanding of that term.

Mr. Lawrence, the American Minister, made one of the speeches upon the occasion, and among other sentiments favorable to the enterprise, gave utterance to the noble, generous, heart-warm and far-seeing sentiment, that he looked upon the proposed convention as tending to something more than merely to improve the industrial arts. He looked upon it as a *great world's practical peace convention.* That sentiment is worthy to be written in stars. It takes in, at one view, the far reaching influences of the arts of industry. It recognizes the true elements of the world's progress. It prophecies of the change which is now being wrought in the opinion of the world, regarding useful labor and the useful arts. It anticipates the mighty changes which the mechanic arts are destined to effect in the social condition of mankind. It speaks in high places, and from an acknowledged high source, the new hope of the world. It is a word of good cheer, a stirring watchword for renewed effort to every laborer, every mechanic, in our broad land, to expect and labor for the new and better end, when the peaceful, benign, and all-conquering power of useful labor shall mould and govern the opinion and the practice of the world;—when the great effort of every true man shall be to perform the highest uses.

☞ The new steamer Boston, a description of which appeared in our columns a few days since, arrived at her wharf, in this city on Saturday, and attracted much attention. She is admirably adapted for the outside route between the Penobscot river and Boston; is a capital seaboat: and is kneed and braced in every possible manner for strength; is furnished with heavy anchors and chains; and all the modern improvements, such as fire engines, &c, to make her a safe boat for public travel.

This is the twenty-second steamboat built by Capt Sanford and in its construction he has concentrated all his experience in the matter; and has succeeded in a manner highly satisfactory to all interested in having an efficient boat upon the outside route.

The Boston is commanded by Capt Thomas B. Sanford, the well known and popular commander of the T F Secor. Every effort will be made to gratify the travelling public and to sustain in handsome style the popularity of this route. Capt Sanford has been so long upon this route and feels so deep an interest in Bangor that he wished to make a special effort to please the people on the Penobscot by giving a new and desirable boat. If a good boat, gentlemanly attendance, a rich table and other desirable appliances will gratify the public the steamer Boston will give satisfaction and secure general approbation.

FOURTH OF JULY ORATION.—Edwin P. Whipple, Esq. has been invited to deliver an oration before the City Government of Boston, on the coming anniversary of American Independence, and has accepted the invitation. The day will be celebrated in the usual manner, by the ringing of bells for half an hour at sunrise, noon, and sunset; by a procession on the Common of pupils of the Public Schools; a procession of the City Government and guests, with an escort: oration: dinner at Faneuil Hall; and a display of fire works on the Common.

"The poor ye have always with you, and whensoever ye will ye may do them good."

The young men (and all others) of Bangor, are respectfully invited to leave any article of clothing that has ceased to be of use to them, and might be of service to the poor and destitute, at Mr. Chas. Godfrey's store on Hammond street, or Z. S. Patten's, 19½ Main street, and they will be properly appropriated by the City Missionary, Mr. Wilson.

☞ The Washington correspondent of the N Y. Journal of Commerce says that the Committee on the Post Office and Post Roads of the House, have taken a vote in Committee on a cheap postage plan, and have agreed upon one point, to wit: to report in favor of a uniform rate of five cents for all distances, on letters not exceeding half an ounce in weight.

☞ Littell's Living Age for this week, contains a review of the Life and Correspondence of Robert Southey, from the North British Review, and some ten or a dozen other interesting articles. It may be found at Geo. R Smith & Co's Bookstore.

☞ Mr Conner, employed as fireman on the Oldtown Railroad, fell from the train on Saturday and was badly stunned and bruised, and taken up in an insensible state. He was alive yesterday, and there were some hopes of his recovery.

☞ It commenced snowing here on Saturday night, and continued at brief intervals during most of the day Sunday. About six inches of snow fell.

☞ The heaviest snow storm of the season was experienced in New York on Friday. The snow was six inches in depth and badly drifted. On Saturday there was a heavy rain.

☞ Mr Bugbee has received at his Bookstore the third of Thomas Carlyle's 'Latter-day Pamphlets,' republished in Boston by Messrs. Phillips, Sampson & Co. Those who would known at what Carlyle's strong mind is aiming beyond that of 'earnest grumbling,' should read these pamphlets.

☞ The Norridgewock Bridge, which was completed on the 27th of January last, and blown down the next day, has been rebuilt.—The first tree for rebuilding it was cut on the 20th of February, and the bridge finished ready for travel on the 30th of March. It was built by Mr. Myrick Emerson, of Orono, at a cost of $11,500.

☞ The Fourteenth part of Phillips, Sampson & Co's splendid edition of Shakspeare's Works has been received at Bugbee's. It contains the Play of the Winter's Tale and opens with a beautiful picture of Perdita.

☞ There were fifty deaths from cholera at New Orleans during the week ending 2d inst., principally among the poor and exposed emigrants, and in the Charity Hospital.

☞ We return our thanks to Bryant & Co's Express for Boston papers received Saturday in advance of the mail.

☞ At an adjourned meeting of Fire Co. No. 2, held Monday, April 8th, the following resolves were passed:

Resolved, That the Foreman be authorized to draw an order in favor of the Treasurer of the Bangor Female Orphan Asylum on Asa Walker, Esq., late Treasurer of said Company for the funds now in his hands, amounting to $104,52.

Resolved, That this Company now disband, and the doings of this meeting be published in the Whig and Courier and Mercury.

SAM'L CLARK, *Foreman,*
J. S. WHEELWRIGHT, *Clerk.*

From the N. Y. Express.

An Anniversary celebration of the Historical Society of Md.

SPEECH OF HON. DANIEL WEBSTER.

As we have already stated, the Anniversary of the Maryland Historical Society, at Baltimore, on Saturday evening, 8th, was the occasion of a splendid speech from the Hon Daniel Webster. The speech of Mr Webster has previously been referred to—but we find it so excellent as it comes to us, in the Baltimore papers, reported at length to-day, that we cannot forego the temptation of copying it.

The President of the day, introducing the first four regular toasts, said, before coming to the fifth:—

Our board to-day is graced by the presence of an illustrious citizen, whose long public service is familiarly known to every household in the land, and made the theme of conversation and discourse wherever the citizens of our Union are accustomed to meet together. One who has for many years been looked to as guide and light to the people, and whose fame, far transcending the limits of his country, has added new glories to her name wherever it is heard.—Whilst he is here at our banquet to-day, let him be remembered in our social pledge, and when he is gone, let him ever be so remembered at every festive board where friends of the American Union may be gathered together I offer you—

Daniel Webster—A consummate statesman, whose wisdom, equal to every emergency of affairs is invigorated and adorned by that highest courage which walks in the path of duty the more steadfastly for the peril it presents.

DANIEL WEBSTER'S SPEECH.

I cannot well say, Mr President, how much I am obliged to you for the very civil and kind toast offered in commendation of myself.

Mr President, there are men more easily vanquished by friends than foes, and I am one of those men. On an occasion like this—the recollection of which, I trust, will be deeply impressed upon my memory, I am completely unmanned by the flattering tones of commendation which have just been uttered. You have alluded to my performance of public duties in too strong terms, and to my mind they are scarcely merited, Men are courageous in proportion to the magnitude of the objects which den and and receive their dearest regard—which occupy a high place in their aspirations; indeed, I may well say that feeble men of quiet nature have never fallen by the faggots of martyrdom. It was faith and hope that served them. Men will throw themselves into the sea, encounter the rage of the tempest, and the perils of the storm to rescue an object of their affections. They will enter the house enveloped with flames, and expose their lives in attempts to rescue their fellow creatures, as well as the property of their friends; and, in every circumstance of life, men will act with a courage and a spirit undreaming of, or insensible to danger, and which cannot fail to elevate and ennoble human nature.

Who is there then that will not be courageous if he finds himself in an emergency? As a public servant, not new in the councils of the nation, I have recently felt that the emergency of the case demanded something like risk, and endeavored to act accordingly. (Loud and continued applause.) Mr President, there is a natural life assigned to man, also, a political life; and when it happens that man naturally dies, happy is he who has faithfully performed his duties. If he has been faithful to the trust reposed in him, he may derive inexpressible consolation from such a course of life when called upon to die, and never comes to his final end on earth too soon, in the defence of the constitution and liberties. (He was interrupted with bursts of applause which continued several minutes.) When, Mr President and gentlemen, the Roman Republic was threatened with civil war, and arms introduced into the Senate, the great orator of the ancient world—of all antiquity—in defending his measures, arose in his seat, and thus expressed his feelings:

'Marcus Tullius, what are you about? Will you suffer my approved enemy, him whom you see, who you are sensible is to be put at the head of this impending war, whose presence in their camp my enemies expect; that spring, that first principle of guilt and treason, the man who enrolls my slaves, who ruins my citizens will you suffer him, I say, to escape, that he may seem not as driven from, but into this city. What restrains thee, the practice of our ancestors? when it has been known, that in this State persons uninvested with public authority, have often put to death their wicked countrymen: Dost thou dread the reproaches of prosterity? A glorious proof of gratitude, indeed to thy country, which, knowing thee only through thyself, without the merits of ancestors to speak in thy favor, so early raised thee, through every gradation of subordinate trust, to her supreme seat of power. Should reproach, however keen, should danger, however dreadful, render thee remiss, when all that is dear to her sons is threatened? But if thou art to dread reproach art thou to dread it more on account of thy not being destitute of honesty and courage, than for sloth and pusilanimity? When Italy shall be desolated with war, her towns given up to her foes, and her dwellings wrapt in the flames think, then think, in what a conflagration of reproach thou thyself must be consumed!'

[The honorable speaker here showed the application of the extract in the relative condition of Italy, at the time in which it was delivered and the recent periods in our own history, when the dissolution of the Union was threatened and alike feared.]

The dismemberment of our glorious Republic was openly avowed.

'On such a theme 'twas impious to be calm,
Passion is reason, transport temper here!'

I trust the Union will last, [enthusiastic applause] and I will live on and die with the hope that such a glorious Union as this will never perish, [increased shouts of applause.] Indeed, when I reflect upon this momentous subject, I cannot find out by any process who are to be disunited. The United States are bound to remain united. Difference of opinion and difference of interest exist in all countries, and must necessarily exist.

Can we better our own present happiness by agitation or disunion? Our destiny is union.—For my part, I conceive it impossible for the good old State of Maryland to go back to what it was. (Renewed applause) Massachusetts can not retrace her steps. Our forefathers left us a rich inheritance—they achieved the independence of the country, and at a later period established the Union—they took all the honor to themselves. They have left us to preserve and defend that which they have achieved, the establishment of the constitution. It is our duty to shed the last drop of blood to defend it. (Enthusiastic applause.) We are bound to have a common interest. The very laws of nature, as they arise from our geographical character, forbid a separation of the States. They have so much cause to pursue a common end, that whoever tries to separate them, must needs reverse our rivers and turn back their streams.—Every man must see the necessity of Union. Internal improvements connect us, and the shortening of space will strengthen the bonds of fellowship. (Great applause.) Gentlemen, I will not detain you any longer. I approve the object of your society; good results will certainly flow from it. It is a rational, ennobling and intelligent research, and I hope the society will be most prosperous in their pursuits, and thus conduce to the interests of the State. I now give you, in honor of the early settlers of our country—

Liberty and the Cross—May their united influence pervade and regenerate the world.

Mr Webster here resumed his seat amidst repeated outbursts of applause.

DESTRUCTIVE FRESHET IN CANADA. Advices from Toronto, Canada, state that a destructive freshet had occurred in that vicinity, on the river Dan and its branches. The stream overflowed their banks, and carried away mill dams, bridges, houses, fences, lumber, trees, cattle—almost everything that opposed their progress. The loss is enormous, so far as known, but no estimate of the total damage can be made, as no accounts had been received from distant places, so many of the bridges having been carried away. Immense quantities of lumber, got out for the American market, were swept into the lake.

The heaviest sufferers in the vicinity of Toronto were Messrs. Taylor, whose paper mills and saw mills are situated about five miles up the river, as well as their large farm. The whole of their farm of 600 acres on the flats, was laid under water. Their fences, hay stacks, and cord-wood were swept off,—the mill dam and three large bridges on their own property gone, and the mills very much injured.

☞ A Washington telegraphic correspondent says that the collectors and other nominations for the principal cities, will doubtless be confirmed by the Senate.

Congress.

WASHINGTON, April 9.

In the House, Mr. Burt said he was instructed by the Select Committee to investigate the conduct of Secretary Crawford, in connection with the Galphin claim, to ask leave to sit during the sessions of the House, until their duties shall have been performed. Agreed to.

The motion to reconsider the vote by which the resolution to purchase American water-rotted Hemp for the use of the Navy was referred to the Committee of the Whole on the State of the Union, was discussed.

Motion to reconsider laid on the table.

The House then went into Committee of the Whole on a Texan development.

Mr. Howard, (Loco) of Texas, by consent, gave notice of an amendment to the bill of Mr. McClernand, to the effect that, if Texas does not accept of the proposition to curtail her boundaries for a pecuniary compensation, no Government shall be organized west of the Rio Grande, embracing any portion of that territory east of that river. If Texas accept, the present laws of that State as to Slavery shall exist in the Territory until it is admitted into the Union as a State.

Mr. Harris (Loco) of Tenn. took the floor.—He entered into a constitutional argument to show that Congress has no power to prohibit slavery in the Territories. It, as gentlemen say, slavery has been prohibited by Mexican law and by the law of nature, why do they propose to reenact these laws? He knew of no other object but a sordid selfishness, which seeks to appropriate all the benefits of the Territories. He insisted that slavery is stamped on the face of the Constitution in four different places, and that slaves can be carried to any territory within the Union, until it is abolished or prohibited by the local laws of State sovereignty, and that the mighty arm of Government can be called to protect it. Slavery cannot be prohibited in the Territories without making invidious distinctions between the States, and therefore, the distinction would be unconstitutional. He had many objections to the admission of California; but notwithstanding, he would vote to admit her, provided she shall be included in a general plan, giving Governments to New Mexico and Deseret. He would do it for the sake of harmony. He was opposed to buying territory from Texas, her right being clear and indisputable, and he wished a law passed the more effectually to restore fugitive slaves.

Mr. Corwin, (Whig,) of Ohio, had supposed that when California had taken on herself the burden of State Government, that there would hardly be a dissenting voice to her admission. Eight out of the fifteen States admitted since the formation of the Constitution have come to the Union without the previous action of Congress, and this is the first time, when the Constitution of the State is acknowledged by all to be Republican, that objection has been raised to her admission. He was against attaching California to a series of measures, giving Governments to Deseret and New Mexico. Let the latter take care of themselves. What had California to do with them? It was adding insult to injury to delay her admission. If there be much longer delay, she may kick up her heels and talk about a Western Confederation. He had looked over the matter of a Southern Convention, and seen the flaming reports from Southern States, but, in his opinion, dissolution was utterly and morally out of the question.—It never can take place. He spoke about the equilibrium claimed and maintained that it was never intended that there should be as many Slave as Free States. He never heard so monstrous a proposition. It cannot be done. The framers of the Constitution never thought of or designed such equilibrium. He defended the North-west, and denied that the people there had any organized band to help the escape of negroes. He admitted that perhaps one in a hundred thousand had been engaged in this business, but the owner has always been amply satisfied by the courts. He had no doubt that a like course of conduct was to be found in the States of the North. It was delusion to suppose people of Free States were wholesale negro stealers. He had not know how the fallacy started. They could not compromise because they had discharged their legal and moral obligations to the very letter. The people of his section looked on the Nashville Convention scheme with contempt. In conclusion he advised the South to cultivate their lands, erect factories, forget all threats about separation, forgive trespasses, unite for the promotion of our best interests, and they might depend upon it, neither principalities, nor powers, nor things present, or to come, shall be able to dissolve this Union.

The Committee then rose.

The Speaker laid before the House several communications, one from the President enclosing a translation of a note dated in March, from the Mexican Minister to the Secretary of State, expressing the views of the Mexican Government as to repressing the incursions of the wild Indians on the frontier, as stipulated in the treaty of Guadalupe Hidalgo. It was referred to the committee on Indian Affairs.

Mr. Sweetser, (Loco) of Ohio, asked leave to introduce a resolution calling on the Secretary of the Treasury to inform the House what amount of interest had been paid on the Galphin claim, and also the amount paid as interest on other claims, on the opinion of the present Attorney General; and that the Committee on Ways and Means inquire into the expediency of suspending the payment of the interest on claims, the principal of which had been paid.

Mr. Stanley (Whig) of N. C. objected to the resolution, for the reason that a Special Committee have the subject in charge.

Mr Briggs (Whig) of N Y. asked leave to introduce a resolution that the Secretary of the Navy send, under the frank of the Department private letters and papers addressed to the officers and men of the Navy employed on foreign stations.

Wednesday, April 10.

In the Senate, Mr Hale presented a large number of anti-slavery petitions.

Mr. Clay called the attention of the Senate to the fact that the greater portion of these petitions were printed, and similar, for the purpose of showing that there was a concerted movement among the abolitionists to misrepresent public sentiment in various sections of the country, by sending these petitions in blank, to be circulated insidiously and returned to the Senate.

Mr Hale called the Senator to order for speaking without a motion being pending.

Mr Clay took his seat, greatly excited, and demanded a statement of the point of order.

After some conversation on the point of order, Mr. Clay proceeded in a strain of denunciation of the abolitionists of the North as the worst enemies of the slaves of the South. He also intimated that Mr Hale had made the slavery agitation a sort of *centaur*, on which he had ridden into power and place. Individuals of this character, although pretending to be the friends of the slaves, were in fact friends only to themselves.

Mr Hale declared his determination to do his duty in his humble way, despite all loud words or threatening and abusive denunciations. He then presented another anti-slavery petition from New York.

Mr. Foote, after some remarks in denunciation of incendiary petitions, announced his intention to scrutinize the appointments of the Administration, and oppose the confirmation of all those which had been made through the influence of Abolitionists.

Subsequently on motion of Mr Clay, the petition presented yesterday by Mr Seward, asking the enrollment of slaves in the Militia was taken up.

Mr Clay moved that its prayer be rejected.

Mr Seward briefly explained that he had presented the petition in accordance with the view of the right of petition which he had, heretofore expressed. In reply to the attacks made upon him personally, he had only to say, that he never assailed the motives of others, and never would, neither should he ever defend himself from insinuations or attacks, or reflections made upon his motives. He had never retaliated, and never would.

The yeas and nays being taken on Mr. Clay's motion, it was unanimously adopted. The Senate then resumed the consideration of the Census bill.

After debate, and the adoption of numerous amendments, the bill was reported to the Senate. The amendments were concurred in, and the Bill passed, and after a brief executive session, adjourned.

In the House. Mr. McLanahan was excused from serving on the Galphin Committee, and the Speaker authorised to appoint another in his place.

The bill from the Committee on Revolutionary Pensions, explanatory of certain acts granting five years' half-pay to the widows and orphans of those who have, or may hereafter, die of wounds received, or disease contracted in the Mexican war, or going to or returning from the same, was taken up and discussed. Without coming to a conclusion, the gentleman who had the floor, yielded for a motion to go into Committee of the Whole on the State of the Union.

The House then went into committee on the California Message.

Thursday April, 11.

In the Senate. Mr. Cass presented the resolution, rescinding all instructions to the Senators and Representatives, from the Legislature of Michigan. Mr Cass said that seldom had it fallen to his lot to perform a more acceptable duty. It was a peace-offering upon the altar of their common country. Never was there evinced a stronger attachment for the Union than is shown by Michigan Mr. Cass also spoke of the value of the Union, in unusually classic and beautiful language.

Mr. Douglas presented a petition for the free navigation of the river St. Lawrence, which occasioned considerable debate, and is now pending.

In the House. The Census bill was received from the Senate and referred to the judiciary committee, together with the House bill.

A resolution was offered by the printing committee, to print ten thousand copies of Mr. King's California report. Mr. Venable warmly opposed.

Mr. Wentworth opposed delay in printing, and introducing some discussion. He also gave notice that he should call for a committee of investigation upon the printing system.

WASHINGTON, April 12.

In the Senate, Mr Dickinson moved that the Deficiency bill be taken up.

Mr Webster wanted the vote taken on the committee proposed by Mr Foote, but waived to allow the Deficiency bill to be considered.

Mr Clay spoke briefly. He said good would result from a committee.

Mr Benton would consent to refer the California bill, with instructions to consider it separately and independently.

After some further discussion the subject was laid over.

The Deficiency bill was taken up, and Patent Office Appropriation discussed for three hours, pending which the Senate adjourned.

In the House—Mr Jones proceeded to make some remarks on the bill for the relief of the widow of Gen Worth, which were ruled out of order. He appealed from the decision, and the Chair was sustained.

The House went into Committee of the Whole and took up the private calender. Much discussion ensued but nothing was done.

The chairman of the Galphin Committee asked for instructions. Mr. Moore introduced a resolution to inquire into the circumstances of payment. Mr Sweetser commented severely on the claim. Mr Casey called him to order. Much confusion followed. After various motions and calls of the House, the yeas and nays were ordered on an amendment offered by Mr. Harris, of Illinois, directing an inquiry into the history and origin of the whole affair, calling for persons and papers. Adopted. Adjourned to Monday.

☞ It is astonishing to see what a tremendous business GEORGE FARRINGTON is doing. His income is increasing every day, and all on account of advertising.—Anybody can buy Oysters at Mr. FARRINGTON'S, for he has just received another fresh and noble lot right from the big city.

BY THE LAST MAIL.

NEW YORK, April 13.

The anniversary of Henry Clay's birth day was celebrated last evening, amidst much enthusiasm. Benj. or Cooper spoke in an eloquent manner. Numerous toasts were given some of them very beautiful. All passed off pleasantly.

WASHINGTON, April 13.

The Clerk of the House died this morning at one o'clock.

Mr Clay was complimented on his birth night, last evening, by a brilliant serenade. The great statesman returned thanks to the citizens of Washington for their long continued regards and hoped they would long live to enjoy the blessings of this glorious Union.

RICHMOND, April 12.

Wm. Allison, an old merchant of this city, died suddenly of a stroke of paralysis yesterday.

A rencontre occurred at Mobile on the 5th between David White and Henry M Jackson, in which both used pistols, and White was shot dead. Jackson escaped without injury, and surrendered to bail. The origin of the fight was not known.

☞ The merchants and others of New York city are circulating a letter for signatures to be addressed to the Hon. Daniel Webster, and highly complimentary to him for the fearless ability and patriotism with which he defended the Constitution and the Union. It is said the letter will receive 20,000 names, including persons from both political parties.

☞ We are requested to call the attention of our fellow citizens to the following ordinance, the provisions of which we understand, are to be carried fully into effect. It is republished for their especial guidance.

AN ORDINANCE prescribing rules and regulations relative to nuisances, sources of filth, and causes of sickness, within the city of Bangor.

Section 1. Be it ordained by the Mayor, Aldermen and Common Council of the City of Bangor, in City Council assembled, That no person shall throw or deposit, or cause to be thrown or deposited, in any street, lane, court, square, alley, wharf or public place, within half a mile of Kenduskeag Bridge, any sawdust, soot, ashes, cinders, shavings, hair, shreds, manure, oyster, clam or lobster shells, or any animal or vegetable substance whatever; nor shall any person throw, or cast any dead animal, or any foul or offensive ballast, into any dock or place, between the channel of the river and the shore, nor land any such foul or offensive animal or vegetable substance within the city, nor cast any dead animal into the channel, without securing thereto a sufficient weight to prevent it from floating.

Sec 2 Be it further ordained, That if any of the substances, mentioned in the preceding section, shall be thrown or carried from any house, warehouse, shop, cellar, yard or any other place, into any street, lane, alley court, square, wharf or other public place, the owner or occupant of such house or place, and the person who actually threw or carried the same therefrom, shall severally be held liable for such violation of this ordinance; and all such substances shall be removed from any street or other place above mentioned, by and at the expense of the owner or occupant of such house or other place, within two hours after personal notice in writing, to that effect, given by the Mayor, any Alderman, the City Marshal or his deputy, or any member of the Health Committee duly appointed by the City Council.

Sec. 3 Be it further ordained, That whenever any person shall have been duly notified to remove any nuisance, or to perform any act or duty required by the laws of the State, or the ordinances of the city, for the preservation of health, which now are, or hereafter may be made, and the time limited for the performance of such act or duty, shall have elapsed, without a compliance with such notice, the City Marshal shall, from time to time, issue new notice until the act or duty shall be performed And the Mayor shall cause all persons who shall violate this ordinance or the laws of the State concerning health, to be prosecuted. And in case the Mayor, Aldermen or City Marshal shall be of opinion, that the health or comfort of any of the citizens requires that any particular nuisance shall be removed, the same shall be forthwith removed by the City Marshal And if the nuisance existed in violation of this or any ordinance of the city or law of the State, the expense of removing the same shall be paid by the owner or occupant of the house, warehouse, cellar, yard, lot or other place, where the same was found; and if payment be refused, upon demand thereof by the City Marshal, an action for money paid may be maintained against said owner or occupant by the City Treasurer.

Sec 4 Be it further ordained, That whenever any drain in the opinion of the Mayor or Health Committee, shall become dangerous to the health or prejudicial to the comfort of the citizens, on account of dirt or filth, the owner or occupant of the premises, where said drain exists, being notified thereof by the Mayor or a member of the Health Committee, shall within ten days remove said dirt and filth, and repair said drain to the satisfaction of the Mayor or Health Committee.

Sec 5 Be it further ordained, That the Mayor and Aldermen of said city be and they are hereby authorized to assign such number of places in said city, as may be necessary for exercising the trade of butcher, tanner and currier, tallow chandler and soap boiler.

Sec 6. Be it further ordained, That no person shall exercise the trade of a butcher, tanner and currier, tallow chandler, or soap boiler in any other place in said city, than such as may be assigned by the Mayor and Aldermen.

Sec 7 Be it further ordained, That when any building, or place assigned for the exercise of either of said trades, shall become a nuisance, and be hurtful or offensive to travellers, or to persons living near it, it shall be lawful for the Mayor and Aldermen to prohibit the further exercise of such trade at that place, or they may restrain the same, by such rules and regulations, as the health and comfort of the public may require. And no person shall continue to exercise such trade or infringe such rules and regulations, as may be established for its exercise, after such prohibition or rules and regulations shall be made known to them. And the penalty for the exercise of such trade, or the breach of said rules and regulations, shall be considered as incurred each week the same may be continued.

Sec 8 Be it further ordained, That no person shall hang, or spread, or expose any raw dried, tanned, or dressed skin, hide or leather, other than hatter's furs, in any street, lane, or public square, or upon any sidewalk, building or fence adjoining thereto within one mile of the Kenduskeag Bridge.

Sec 9 Be it further ordained, That no person shall erect or cause to be erected, within said city, any hogsty or privy within fifteen feet of any street, highway, alley or public square, nor within the like distance of any dwelling house.

Sec. 10. Be it further ordained, That any person offending against any provision of this ordinance shall forfeit and pay a sum not less than one dollar, nor more than twenty dollars; and also the sum of one dollar for every six hours the nuisances or substances mentioned in this ordinance, are suffered to continue or remain, after due notice, or the time limited for their removal; and shall be liable to pay the expenses of removal as herein provided.

☞ We are requested to call the attention of our fellow citizens to the following ordinance, the provisions of which we understand, are to be carried fully into effect. It is republished for their especial guidance.

AN ORDINANCE prescribing rules and regulations relative to nuisances, sources of filth, and causes of sickness, within the city of Bangor.

Section 1. Be it ordained by the Mayor, Aldermen and Common Council of the City of Bangor, in City Council assembled; That no person shall throw or deposit, or cause to be thrown or deposited, in any street, lane, court, square, alley, wharf or public place, within half a mile of Kenduskeag Bridge, any sawdust, soot, ashes, cinders, shavings, hair, shreds, manure, oyster, clam or lobster shells, or any animal or vegetable substance whatever; nor shall any person throw, or cast any dead animal, or any foul or offensive ballast, into any dock or place, between the channel of the river and the shore, nor land any such foul or offensive animal or vegetable substance within the city, nor cast any dead animal into the channel, without securing thereto a sufficient weight to prevent it from floating.

Sec. 2. Be it further ordained, That if any of the substances, mentioned in the preceding section, shall be thrown or carried from any house, warehouse, shop, cellar, yard or any other place, into any street, lane, alley, court, square, wharf or other public place, the owner or occupant of such house or place, and the person who actually threw or carried the same therefrom, shall severally be held liable for such violation of this ordinance; and all such substances shall be removed from any street or other place above mentioned, by and at the expense of the owner or occupant of such house or other place, within two hours after personal notice in writing, to that effect, given by the Mayor, any Alderman, the City Marshal or his deputy, or any member of the Health Committee duly appointed by the City Council.

Sec. 3. Be it further ordained, That whenever any person shall have been duly notified to remove any nuisance, or to perform any act or duty required by the laws of the State, or the ordinances of the city, for the preservation of health, which now are, or hereafter may be made, and the time limited for the performance, of such act or duty, shall have elapsed, without a compliance with such notice, the City Marshal shall, from time to time, issue new notice until the act or duty shall be performed. And the Mayor shall cause all persons who shall violate this ordinance or the laws of the State concerning health, to be prosecuted. And in case the Mayor, Aldermen or City Marshal shall be of opinion, that the health or comfort of any of the citizens requires, that any particular nuisance shall be removed, the same shall be forthwith removed by the City Marshal. And if the nuisance existed in violation of this or any ordinance of the city or law of the State, the expense of removing the same shall be paid by the owner or occupant of the house, warehouse, cellar, yard, lot or other place, where the same was found; and if payment be refused, upon demand thereof by the City Marshal, an action for money paid may be maintained against said owner or occupant by the City Treasurer.

Sec. 4. Be it further ordained, That whenever any drain, in the opinion of the Mayor or Health Committee, shall become dangerous to the health or prejudicial to the comfort of the citizens, on account of dirt or filth, the owner or occupant of the premises, where said drain exists, being notified thereof by the Mayor or a member of the Health Committee, shall within ten days remove said dirt and filth, and repair said drain to the satisfaction of the Mayor or Health Committee.

Sec. 5. Be it further ordained, That the Mayor and Aldermen of said city be, and they are hereby authorized to assign such number of places in said city, as may be necessary for exercising the trade of butcher, tanner and currier, tallow chandler and soap boiler.

Sec. 6. Be it further ordained, That no person shall exercise the trade of a butcher, tanner and currier, tallow chandler, or soap boiler, in any other place in said city, than such as may be assigned by the Mayor and Aldermen.

Sec. 7. Be it further ordained, That when any building, or place assigned for the exercise of either of said trades, shall become a nuisance, and be hurtful or offensive to travellers, or to persons living near it, it shall be lawful for the Mayor and Aldermen to prohibit the further exercise of such trade at that place, or they may restrain the same, by such rules and regulations, as the health and comfort of the public may require. And no person shall continue to exercise such trade, or infringe such rules and regulations, as may be established for its exercise, after such prohibition or rules and regulations shall be made known to them. And the penalty for the exercise of such trade, or the breach of said rules and regulations, shall be considered as incurred each week the same may be continued.

Sec. 8. Be it further ordained, That no person shall hang or spread, or expose any raw, dried, tanned, or dressed skin, hide or leather, other than hatter's furs, in any street, lane, or public square, or upon any sidewalk, building or fence adjoining thereto, within one mile of the Kenduskeag Bridge.

Sec. 9. Be it further ordained, That no person shall erect or cause to be erected, within said city, any hogsty or privy within fifteen feet of any street, highway, alley or public square, nor within the like distance of any dwelling house.

Sec. 10. Be it further ordained, That any person offending against any provision of this ordinance shall forfeit and pay a sum not less than one dollar, nor more than twenty dollars; and also the sum of one dollar for every six hours the nuisances or substances mentioned in this ordinance, are suffered to continue or remain, after due notice, or the time limited for their removal; and shall be liable to pay the expenses of removal as herein provided.

LOOK HERE!
Book Binding!!

NOW is the time to have your Music, Pamphlets, Periodicals, &c., bound cheaper than ever before offered in Bangor.

W. F. STANWOOD, at the old Stand, East Side Book Store and Bindery, will for a short time, do Binding as cheap, if not cheaper, than any other Binder in Bangor.

For particulars, enquire at the East Side Book Store, where specimens of Binding may be examined.

☞ Those having a number of volumes to bind, will find it advantageous to call and examine my specimens and Prices.

Blank Books

Of every description, made and Ruled to order. I have made arrangements to have my Ruling done by one of the best workmen in Boston, and will be executed in an extra manner, and cheaper than can be done in Bangor.

All work done when promised.

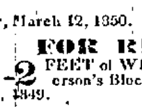

Orders from the country punctually attended to, and warranted to give satisfaction or no pay.

P. S.—Those who hand in their Binding this month will save from 15 to 25 per ct.

W. F. STANWOOD.

Farm and Garden for Sale.

THE subscriber having made a change in his business, wishes to sell his farm in Hampden, being about two miles from the city. It is under a high state of cultivation,—cuts 16 to 20 tons of English hay, all adapted to tillage, and a portion has been used as a garden,—is well adapted to the cultivation of Garden Vegetables and Fruit Trees,—has a young Nursery, now growing on the same, is well fenced and has a small house and large barn on the same, both new.

Any person wishing to go extensively into the Garden and Nursery business, would do well to examine the premises.

Also,—a wood lot near by,—in all about thirty acres.

For prices, terms, &c., apply to

WILLIAM MANN,
ap 3 57 W. Market Square, Bangor.

REMOVAL.

THE undersigned have moved from their stand upon Harlow street to the Brick Stable at the Bangor House, where they are ready to accommodate the Public and their friends as heretofore.

A coach will be in readiness at all times for the Boats and otherwise. And they will be ready to furnish at all times double or single teams and all the conveniences of a general Livery business.

mh 25 dtf

Caution to the Public.

Beware of Humbugs and Quacks!

THE HUMAN EYE is too delicate an organ to be trifled with; notwithstanding this, there are Quacks in our community, unprincipled enough, that of course know nothing of the Science of Optics, and will for mere paltry gain, buy, sell, and *puff* up an inferior article of SPECTACLES that cost half price! The lenses, in particular, being so untrue and imperfect as to ruin the sight entirely if persisted in for any length of time.

The subscriber having served a regular apprenticeship with Mr. D. B. WIDDIFIELD, Optician, of Boston, and with 17 years practice in manufacturing and fitting lenses for all defects of the eye, within the reach of Optical assistance, he trusts he will be enabled to give satisfaction in this department, to all who favor him with a call.

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA.

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter, and warranted superior to any sold. It cures without vomiting purging, sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body It is one of the very best

SPRING AND SUMMER MEDICINES

ever known it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*, a power possessed by no other medicine And in this lies the grand secret of its wonderful success —It has performed within the last five years, more than 100 000 cures of severe cases of disease, at least 15,000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10 000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system gives activity to the limbs and strength to the muscular system in a most extraordinary degree.

CONSUMPTION CURED

Cleanse and strengthen Consumption can be cured Bronchitis Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c have been and can be cured

SPITTING BLOOD

New York, April 28, 1847.

Dr Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough. It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced and did not expect to live —I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL, 65 Catherine st

RHEUMATISM

This is only one of more than four thousand cases of Rheum tism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism considerable of the time I could not eat, sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—in fact, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers we thought, as she was in very delicate health we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness Prolapsus Uteri or Falling of the Womb, Costiveness, Piles Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame which is the great cause of Barrenness It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring

TO MOTHERS AND MARRIED LADIES

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine" as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flushes of loveliness that all admire but none can describe This beauty is the offspring of nature—not of *powder or soap* If there is not a free and healthy circulation there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied are delighted Ladies of every station crowd our office daily

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called theirs a *great remedy for females*, &c, &c and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have since the great success of Dr Townsend's Sarsaparilla in complaints incident to females recommended theirs although previously they did not A number of these Mixtures, Pills &c are injurious to females as they aggravate disease and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood ... persons cured in one house unprecedented

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores have taken only four bottles, it took them away, for which I feel myself under great obligation Yours respectfully

ISAAC W CRAIN, 106 Wooster-st

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market

H P PULING, M D,

P P ELMENDORF, M D

Albany, April 1 1846

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixers, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

SALAMANDER SAFES,

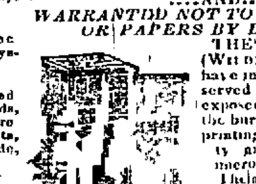

90 STATE STREET,

CORNER OF MERCHANTS' ROW

Secured against Gunpowder

....AND....

WARRANTED NOT TO INJURE BOOKS OR PAPERS BY DAMPNESS.

THESE are the *only Safes* (WILDER'S PATENT) that have in every instance preserved their contents when exposed to large fires like the burning of the Tribune printing office in New York city and many others, too numerous to mention

The above Safes are manufactured and for sale by JOHN E WILDER, Boston and for sale in Bangor at the manufacturers prices, by

FISKE & DALE

☞The Following Letter from the Superintendent of the Maine Telegraph Company is an other proof of the superiority of JOHN E. WILDER'S Safe over all others —

BANGOR, Oct 24, 1849

John E Wilder, Esq —

Dear Sir—The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office, in this city It was in the fire six hours, the books and papers were uninjured and the damage to the safe very slight, although it fell from the second story to the basement of the building The little repairs necessary to the Safe have been made, and we shall not need to return it, It is still as good as new

Respectfully yours, JAS EDDY

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS

With U. S. Patent Office

WASHINGTON

NO 22, STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U S Patent Office, in accordance with the 10th Sec of Act of 37

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office *where by a Patent may be procured about six weeks earlier* he continues to forward them free of expense—to prepare Caveats, Specifications Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same, Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims* The experience of *sixteen* years practice, an extensive collection of rare works, decisions &c on mechanical subjects the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment

R H. EDDY, Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY, Esq, of Boston, did business at the Patent Office as Solicitor for procuring Patents There were few, if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office EDMUND BURKE,

Late Commissioner of Patents

Aug 7, 1849 (Sept 1850

COLUMBIAN UNIVERSAL STRENGTHENING PLASTER.

THESE Plasters will be found a cure for *weakness and lameness in the side back, or stomach, stitches and all* RHEUMATIC AFFECTIONS *in the limbs, back or side, and for all purposes where a plaster is needed, they have no superior, if indeed an equal.*

They are beautifully spread on *prepared cloth* and sold for 25 cents, and may be worn *for a great length of time, with perfect ease and comfort.* If they become wrinkled up, they may be taken off and *cleansed of sweat and dust* and again applied, and thus used for *three or six months*

They are also spread on *firm, strong paper*, and sold for 12 1/2 cents, and are by far the best poor man's plaster in the world

For sale in most towns and villages, by agents, and at wholesale and retail by WM MANN and G McFARLAND, Bangor; L B Smith, J W Curtis & Co, Hampden, Oliver Johnson, J B Chick, Frankfort, H P Fifield, Bucksport J Hooper Jr S P Hatch & Co Castine, B Nutter Geo Farcher Ellsworth, F P Butler & Co, Orono, J & R Fisk H & J Y Richardson Oldtown Wm D ... CONSUMPTION

in all Christian ... caused a larger proportion of ... ally fatal ... the human family ... has not been any *certain remedy* ... of the disease of that destroyer But now—

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—*really* ... *ulcerated and diseased* LUNGS—such CONSUMPTION ... never before cured by any other medicine ... *less* were some of the afflicted persons, as to have been pronounced by *physicians* and friends to be ACTUALLY DYING Some, who had the burial clothes made ... have been cured and are now going about, while ... was said would not live another day are now in ... health ...

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation ...

BRANT'S INDIAN PURIFYING EXTRACT

The Balsam differs from the Extract because it possesses *several medications which are peculiarly adapted to and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS in the *LUNGS* and elsewhere *internally as certainly and easily as the* PURIFYING EXTRACT *cures and heals ulcers externally* This Balsam cures NINE *cases of Cough and Consumption* out of TEN, after all other remedies have *failed to do good*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases and its undoubted curative power and soothing healing properties in the following complaints and diseases viz *Spitting of Blood Bleeding at the Lungs Pain in the Breast and side Night Sweats Nervous Complaints, Palpitation of the Heart, Cholera Infantum Dysentery and Summer Complaints in Children and Adults*, and ALL FEMALE WEAKNESSES

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used even after the person is *considered by physicians and friends* to be in the *last stages of a disease*—actually DYING—and in this case, SO FAR GONE that the SHROUD *and* BURIAL CLOTHS *were bought* For the particulars of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS

This cure was effected on Mrs ZIBA DYKEMAN of *Ballston Spa Saratoga County N Y* We can prove beyond a doubt, *many others, almost equally hopeless*, and *incurable cases of Coughs and Consumptions* CURED which were *pronounced incurable by* SKILLFUL PHYSICIANS

A DOCTOR CURED!

DR J W FRENCH *of Hillsdale Hillsdale Co* Mich wrote about the 1st of January 1849 ... as follows I have been in the regular practice of medicine in this place for nine years but was obliged to quit the practice of my profession in consequence of ill health I was severely afflicted with a *Chronic Disease of the Lungs* as to convince me that I HAD THE CONSUMPTION past doubt I coughed almost incessantly night and day and had severe pains and soreness in my chest, side, and breast I tried ... recommended by the most skillful of the profession all to no effect, except ... the ... and debility caused by them I was prejudiced against patent medicines and ... experiment ... thoroughly But I was induced ... to try a bottle of BRANT'S INDIAN PULMONARY BALSAM, and I do here acknowledge for the benefit of the afflicted ... whom it may serve that the effect of its use on me was the most prompt and salutary of any medicine I ever witnessed the effect of in all my practice My cough was *immediately relieved* and in about eight or ten days I was free from cough, soreness of the chest and ... and now consider and *pronounce myself* A WELL MAN Dr French is now a respectable druggist at Hillsdale

FITS, FITS, FITS.

Messrs J K LIPPINCOTT & SON, respectable merchants at *Hillsgrove Sullivan county Pennsylvania* wrote to us May 12, 1849 stating among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM that one of their customers had just informed them that her child which had been afflicted with *fits several years*, was cured by the use of BRANT'S BALSAM

Would soon be in a Grave.

Mr WILLIAM D JENNINGS a merchant at *Jefferson Centre Ashtabula county Ohio* wrote to us October ... 1848 and stated a cure of CONSUMPTION which the use of BRANT'S INDIAN PULMONARY BALSAM had effected on Mr WILLIAM CROCKETT of an adjoining town He said Mr Crocket had sought relief from the best physic ans ... but found none, for the fatal hand of that unrelenting monster *Consumption* had taken fast hold on his vitals and was so destroying and debilitating his body that he was a mere skeleton He was *given up* by his physicians and all friends, as one who would soon *inhabit a grave* But even in this last extremity, strange and marvellous as it may seem yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM was unclenched the hand of the destroyer, and restored Mr Crocket to health, and he is now a *healthy, hearty, rugged man*

S D DANN, Esq *merchant and postmaster at Jefferson* an adjoining town, wrote to us about the same time and stated that he was acquainted with Mr CROCKET and *testified to his cure, and all the above-named facts*

Could not Live a Day longer!

Messrs E B CALDWELL & Co of *East Oswego, Oswego Co, N Y* respectable druggists wrote to us ... they had heard through Mr WE ... a respectable citizen of that place of an important cure of *Consumption* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resided in the town of Palermo, in this county She had been long confined to her bed and was so dangerously diseased, that her friends thought it impossible for her to *live more than* ONE DAY LONGER But, when all other hope utterly failed, all commenced taking BRANT'S PULMONARY BALSAM and *its wonderful efficacy* has raised her from a DYING BED so that she is now *going about and attending to her domestic household affairs and duties* She acknowledges, and it is very evident that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness, and her friends and neighbors consider that medicine invaluable

RAISED FROM THE GRAVE

Messrs PRATT & FOSTER, *merchants of West Cornwall Conn*, said BRANT'S BALSAM had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough medicine could be sold there that *it had raised as if from the* GRAVE—some that physicians and all their friends said MUST DIE One gentleman, in particular was so far gone, that his physician told him it was *useless to take any more medicine* He then, *when no hope was left*, he took BRANT'S BALSAM—GOT WELL—*and is now as well as ever he was*

Many Consumptions Cured.

Mr S H CLARK merchant, *Clyde Wayne county N Y* wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said If the statements of some of our most respectable people, and personal knowledge can be relied on its medical virtues have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered past physicians and all friends past a possibility of cure and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH "

LUNGS BLED—MUST DIE!

Mr Z S TERRY *merchant Byron Genesee county* N Y wrote August 24 1848 BRANT'S medicine is doing wonders here It has cured a man of *Consumption* that all the physicians had said *must die* When he commenced taking Brant's medicine, he could not raise his hand to his head he *bled at the lungs*, and every symptom seemed to indicate that he must die, but astonishing to all, he is now able to labor and rides all over the county He used *only five bottles* It has also cured a young lady of *Consumption* in Orleans county, which her father says *no doctor could cure*

Mr MILLER a merchant of the same place, has certified to the truth of the above statement

WAS BELIEVED PAST CURE.

Mr CORNELIUS H SMITH, merchant, *Collins Centre, Erie county N Y*, January 16, 1849, said Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold and I want immediately another supply, for they sell more rapidly, and give *better satisfaction* than all the other medicines we have for sale The *Pulmonary Balsam* has raised a lady here from a bed of dangerous and severe sickness which all the doctors had given up as INCURABLE They said she MUST DIE with *a Consumption of the Lungs* After all had pronounced the case HOPELESS, she commenced taking BRANT'S BALSAM—and now *she is well*"

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS in *children or grown persons cured without any failure whatever* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather —*Cholera Infantum*, or what is called SUMMER COMPLAINT—if BRANT'S PULMONARY BALSAM be administered to the child It should however in *such cases* be used in *twice as large potions* as the directions on each bottle prescribe, until the complaint is checked

CONSUMPTION CURED!

AND

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, Spitting of Blood, and all other Lung Complaints tending to

CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above A remedy for the *complete cure* of all those affections of the Throat and Lungs which if neglected, always end in CONSUMPTION It is not a worthless, *catch penny article* made just *to sell* like many of the common nostrums of the day but it is a strictly *scientific Preparation*—the original receipe having been furnished by an eminent Physician, (the late Prof Rogers) and that still further improved by one of the present proprietors who is himself a *regularly educated Physician* a graduate of the University of Pennsylvania It is composed of the choicest articles in the vegetable kingdom most of them of long tried value and established reputation and some of them *entirely new* particularly the CANCHALAGUA a plant of *most wonderful* medicinal virtues, lately introduced into this country from California The Recipe has been shown to thousands of Physicians who have universally approved of it and will be shown to any Physician who desires to see it upon application either to the Proprietors or their Agents It has been used in *multitudes of cases* and is strongly recommended by *Physicians even Professors* in our Medical Colleges, Ministers of the Gospel Judges Lawyers Merchants Mechanics &c,—a conclusive proof that there is no *quackery or deception* about it but that it is a medicine of most uncommon virtue and efficacy

PAMPHLETS

As no ordinary sized advertisement can *begin* to do justice to the merits of this article the Proprietors have embodied in a pamphlet form the *history* of this Medicine—the *description nature* &c of its principal ingredients—the *effects* they are designed to *give* upon the human system—and above all the *incalculable amount of good* which it has done They design to circulate this pamphlet extensively, but should any one be overlooked they are earnestly desired to call upon the Agents named below, and procure one *gratis* The *hints* on page 7th may be *worth* to yourself or family THOUSANDS OF DOLLARS and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible.

Such be is our confidence in its virtues we are willing to *return the Money* in *every recorded case*, (if used according to the directions) and where the person is not satisfied that he is not ... by its use, or if from it by returning the bottle within 24 hours' time,

THE MONEY

will be refunded See page 3d of the Pamphlet
